

The 5th International Conference on Structural Analysis of Advanced Materials

ICSAAM 2013

23 - 26 September 2013, Kipriotis Village Resort, Island of Kos, Greece

Dear colleague,

The conference organizing committee with its chairman Prof. George Papanicolaou cordially invites you to present papers and posters in all relevant fields of Structural Analysis of Advanced Materials and also to participate in the exhibition of new testing machines and devices which will take place during the conference.

Topics:

The aim of the conference is to bring together scientists and engineers in the attempt to exchange recent experiences in the research and development activities in the field of Structural Analysis of Advanced Materials.

The topics to be covered by the conference include all thematic areas of current research and industrial applications. Main topics of the conference are:

Materials

- *Polymers and Polymer Matrix Composites*
- *Ceramic and Metallic Matrix Composites*
- *Nano-composites*
- *Biomaterials and medical applications*
- *Smart materials*
- *Green composites*
- *Sandwich structures*

Degradation and Prediction

- *Damage and fracture*
- *Mechanical, Thermal and Hygrothermal Fatigue,*
- *Durability and Reliability*
- *Large Deformations*
- *Impact*
- *Water absorption*
- *Analytical and Numerical Modeling*

Experimental techniques

- *NDT-NDI*
- *Thermal Analysis*
- *Mechanical Testing*
- *Vibration Analysis and Dynamic Behavior*
- *Manufacturing Techniques*

Conference Dates: *September 23-26, 2013*

Venue: *Kipriotis Village Resort****, Kos, GREECE, <http://www.kipriotis.gr/>*
